## Product Bulletin Hi-Tac™ Construction Adhesive and Primer for Self-Adhesive Membranes

As leaders in adhesive technology and in response to demands from our customers, Bakor is happy to introduce **Hi-Tac™ Construction Adhesive and Primer for Self-Adhesive Membranes**, designed to provide a multi-functional purpose as both a construction adhesive and self-adhesive membrane primer.

**Bakor Hi-Tac™ Construction Adhesive and Primer for Self-Adhesive Membranes** features include:

- Compatible with Blueskin® membranes and insulated concrete forms (ICF)
- Superior adhesion performance with waterproofing membranes over insulated concrete forms (ICF)
- Easily applied by brush or roller
- Exceptional, rapid set time
- Cold weather application, usable in temperatures down to -12°C
- Acts as a construction adhesive in various exterior applications including bonding of low density insulation to masonry, concrete, gypsum board, wood, metal and DensGlass Gold
- Excellent as an adhesive for adhering laps of polyethylene and housewrap sections to one another

**Hi-Tac™ Construction Adhesive and Primer for Self-Adhesive Membranes** is available in 17 L and 3.5 L pails with a coverage of 2 to 6m<sup>2</sup>/L depending on the porosity and texture of the application surface.

For further information on pricing and availability please contact your local Bakor Sales Representative, fax your request to 1-800-890-4866 or call us, toll-free, at 1-800-387-9598.

We would also like to invite you to visit our web site at [www.bakor.com](http://www.bakor.com) for complete information about our other quality products.
