

Blueskin® SA or TG
Transition Sheet

Blueskin® SA or TG
Transition Sheet

Air-Bloc 21

Brick Veneer
Air Space
Insulation
Air-Bloc 06, 21 or 32
Concrete Masonry Unit

Notes

1. Blueskin is self-sealing when self-taping fastening systems are used.
2. Air barriers should be continuously supported throughout the building envelope. Use galvanized sheet metal, exterior sheathing or other method to provide support around the perimeter of steel deck assemblies.

Air-Bloc 06, 21 or 32
