

1. Deck
2. Primer
3. Blueskin® WP 200 Membrane
4. Extruded Polystyrene Insulation (Drainage Type Optional)
5. Geocomposite Drainage Board (Optional)
6. Pavers

Notes

1. System detail showing typical application to an insulated concrete plaza deck.
2. Application of the Blueskin WP 200 membrane begins at the drain and proceeds toward the high point in a shingle fashion.
3. Other horizontal applications include planters, indoor mechanical rooms, laboratories and bathrooms.
4. Drainage may be facilitated by using drainage type polystyrene insulation. On non-insulated assemblies, a geocomposite drainage board may be used.

Blueskin® WP 200
